About the process

Background

Study NSW develops and delivers programs, promotion, partnerships and policy to drive a globally competitive, sustainable and resilient international education sector. Study NSW is part of the Department of Enterprise, Investment and Trade (DEIT).

Each year Study NSW supports events and activities that promote the state and support the international education sector.

Objective

The Study NSW Sponsorship Program receives applications through an annual expression of interest process (the Process). The Process has been designed to support the timely identification of activities to sponsor in line with DEIT's Sponsorship policy.

The Process contributes to the value and sustainability of the international education sector to the NSW economy and ensures NSW continues to be a world leader in international education by leveraging our strengths as a state.

The objectives of the Process are to support Study NSW core functions, including work to:

- enhance the experience of international students
- deliver promotion and marketing for NSW as a study destination
- foster international market opportunities
- advance NSW interests and competitiveness through policy and advocacy.

Your responsibilities

These Guidelines (the Guidelines) contain information about the Process, whether you are eligible to apply, and how you can make an application.

You must read these Guidelines before applying.

This document sets out:

- the purpose of the Process
- the eligibility criteria
- the assessment criteria
- how applications are assessed
- how recipients will be monitored and evaluated
- responsibilities and expectations in relation to the Process.

These Guidelines may be updated by Study NSW at any time. If this occurs, the revised guidelines or any addenda will be published on study.nsw.gov.au/industry/sponsorships

Funding

Funding is provided on an annual basis.

- the minimum amount is \$5,000 (ex GST)
- the maximum amount is \$30,000 (ex GST).

Proposals may be part-funded if there is insufficient funding available for the whole proposal or where only a component of the proposal is considered suitable/eligible.

Study NSW may fund events and conferences that are valued at over \$30,000 (ex GST) on an ad hoc basis. These would also be evaluated via the assessment criteria and follow the same process. Funding for these activities would be separate from the allocation for the general sponsorship funding pool.

Applicants are required to provide a financial acquittal (such as an event budget) with a final report following the sponsorship activity, demonstrating that funds were used in accordance with the Process guidelines.

Eligibility criteria

Study NSW cannot consider your application if it does not satisfy all the eligibility criteria.

Who is eligible to apply?

To be eligible, applicants must:

- be a legal entity
- have an Australian Business Number (ABN) or be registered as a not-for-profit organisation or charity in Australia
- have been operating for at least two years
- have appropriate insurance cover for the proposed project activity
- be registered for the purposes of GST
- have an account with an Australian financial institution.

Who is not eligible to apply?

You are not eligible to apply for the Process if you are:

- insolvent
- an individual
- partnership
- unincorporated association

Study NSW, at its sole discretion, may decide that an application is ineligible for funding. This may include any person or business activity that could cause reputational and/or other risks to the NSW Government.

Eligible activities

For an activity to be eligible it must focus on benefitting NSW's international education sector.

Some examples include:

- a conference focusing on international education, held in Australia or overseas in key markets
- an event for international students in NSW
- a series of activities focused on prospective international students overseas in key markets.

Eligible costs

Funding may only be incurred on eligible activities or agreed activities.

To be eligible, costs must:

- be a direct cost related to the activity

- be incurred within the financial year in which the sponsorship activity is delivered
- reflect competitive market rates
- be a true and accurate reflection of costs required to deliver the activity.

Eligible costs include, but are not limited to:

- utilities
- labour expenditure for temporary employment for the project
- the cost of any agreed project activities you contract to another organisation such as:
 - performing artist fees
 - hire of temporary equipment
- rent / leasing costs
- meeting spaces and catering.

If your application is successful, we may ask you to verify the activity costs and request evidence of costs such as supplier contracts, quotes, and invoices before commencement. We may request financial reports and credit checks from independent third-party service providers.

You must demonstrate value for money by ensuring project costs are reasonable and reflective of market rates. We may use industry cost benchmarks to assess whether costs are reasonable.

Study NSW will make the final decision on whether a claimed cost is eligible or reasonable (and only pay the reasonable amount).

Ineligible costs

The funding cannot be used for the following activities:

- the purchase of land or property
- costs incurred in the preparation of this application or related documentation
- the covering of retrospective costs
- wages (although funding is available for fixed term administration and staff appointed for the duration of the project)
- projects requiring ongoing funding from the NSW Government
- projects that constitute the normal course of business
- activities that will not be delivered prior to the end of the sponsorship period.
